SEPAC

Greenfield Special
Education Parent
Advisory Council

Does your child have an IEP or 504? Do you think your child might need one? Is your child in an out of district placement?

2019

What is the SEPAC's Mission?

The SEPAC is a volunteer organization of PARENTS or guardians of children with special needs, both in-district students and private/out-of-district placements. We are an active parent voice to improve our children's education and long-term well-being. As directed by the state of Massachusetts, we are an advisory group to the School Committee. We offer support, advice, and resources to anyone with a child in special education.

Questions We Have Addressed

How do I get my child an IEP?

How do I know what my rights are?

What do I do if I disagree with the team?

What services is my child entitled to within the school district?

What services are available for my child outside of school?

What happens to my child when they age out of school?

Speakers We Have Had
